## CLOSED THEIR KEYS

### Associated Press Operators Join Striking Telegraphers.

### NEWS SERVICE IS CUT OFF

**Strike of the Commercial Telegraphers Has Now Become Practically General—Operators, 5,000 in Number, Walk Out in New York.**

Atlanta, Aug. 14.—The Associated Press operators in Atlanta and every city throughout the south, the southeast and sections of the east closed the circuits upon which they were working just as the clocks over the telegraph instruments ticked the thirteenth minute after 9 o'clock, Atlanta time.

And five minutes later Monday night there was a death-like silence in those rooms which are wont to reverberate from dawn to darkness and from darkness to dawn with that constant, ceaseless clicker a telegraph sounder is always making.

In Atlanta, and so it was in every office from Portland, Oregon, to Boston and from Chicago to New Orleans—a single man—one of the editors with an office boy was keeping vigil over the happenings of the world, was doing the task usually allotted to a force varying from three to four up to a dozen men. But silent was that vigil. It was a watch and not a talk that obtained in every office within the territory indicated.

It was the watchful eye of the Associated Press men that saw the finish of the day in the telegraph strike, notwithstanding the fact that New York, with its 5,000 and more operators, Baltimore, Boston, Buffalo and other large cities, each with a strong numerical force, left their keys and joined hands with the men who had preceded them in the strike.

The demands of the operators are: Day work, six days, eight hours a day, $30 per week, and overtime and extra at the rate of 60 cents per hour.

Night work, six nights, eight hours, 25 per week and overtime and extra at the rate of 70 cents per hour.

The vacations to remain as at present.

---

New York, Aug. 14.—The strike of the telegraph operators which has affected many cities throughout the country, was extended to New York Monday when the men employed by both the Western Union and Postal companies quit work. The postal strikers said that 90 per cent of their men were out. The Western Union officials declared that 50 per cent of their day force left their keys. Extra police were called out to preserve order in the vicinity of the telegraph buildings, but there was little or no occasion for their services. The crowd was orderely. The day operators in the Western Union branch offices joined the strikers from the main offices.

**Applied the Torch.**

Wilmington, Del., Aug. 14.—Following the serious race riot at Hancock, a mob of its white citizens poured gasoline on two buildings owned by leaders of the negroes, and then applied a torch. The buildings were consumed. When the inmates were fleeing for their lives, the mob fired several volleys at them, but none was wounded.

---

**Saved Their Lives.**

Youngstown, Ohio, Aug. 14—Robert McCurdy, jr., saved the lives of several people by turning his auto into a telegraph pole and completely wrecking it, instead of running into a rig, while on his way from Hubbard to this city. Paul Jones, his companion, was seriously injured by being thrown against a barbed wire fence.

**Burglars Blow Safe for $50.**

Warsaw, Ind., Aug. 14.—Three masked men entered the Baltimore and Ohio station at Syracuse, near here, gagged W. A. Toops, the agent and night operator, and R. V. Toops, his brother, and then blew open the safe and escaped with its contents, $50.

## CASA BLANCA'S HORROR SIGHTS

### Arabs Killed One Another in Seeking Plunder.

London, Aug. 14.—The Casa Blanca correspondent of the Daily Mail describing a tour of the ruined town on Saturday, says:

"In the back part of the town the French shells wrought infinitely less death than the Arab bullets. Corpses were lying contorted on the streets. Many are stabbed and gashed with knives. Heads were battered with axes and enormous bullet holes blackened with powder showed where men died at short range by Arab weapons.

"Many so killed were Arabs, huge limbed giants. The plunderers had fought among themselves for one another's plunder and killed one another in a contest to escape along the narrow lanes when the French re-inforcements landed. Many women and children were among the dead littering the streets.

"When the fleet arrived and the heavy bombardment of the exterior of the city commenced, there was a rush to escape, but the only exit into the safety of the country was a single gate on the south side, where the warships dropped a rain of shells. Here along the walls hundreds of bodies were piled, while white clad Arab corpses dotted the whole plain.

"More Arabs were killed here than in the whole interior of the town.

"Bodies were lying in piles of goods of every description, bales of silk, cotton cloth, chests of tea, piles of sugar; every commodity. Many of them had been trampled to death in the struggle to reach the exit, which was like that at a theater fire.

"Saturday two English ladies, at the request of the French authorities because they were able to speak Arabic, paid visits to the houses of the leading Moorish families to inquire as to the safety of the Moorish ladies. It is not known what they learned, except that Moorish gent'lewomen burst into tears, kissed their feet when they entered, and piteously implored protection.

"The English ladies returned pale and trembling, with the horror of the stories they heard, which they were unable to repeat. Tales of bleeding ears, where Arabs, violating the sanctity of the women's quarters, had torn jewelled earrings away, were the least of the horrors they heard. I myself saw several young and beautifully dressed Moorish ladies killed by the same shrapnel as their ravishers."

**KILLS FATHER-IN-LAW.**

**Quarrel Over Business that Did Not Pay Led to Murder and Suicide.**

Ottumwa, Iowa, Aug. 14.—Frank Dunton, former mayor of Ottumwa, shot his father-in-law, George Godfrey, and then ended his own life.

A quarrel over business matters is thought to have led to the tragedy. Dunton, who married Godfrey's eldest daughter, lived with his father-in-law. The men were last seen alive at supper time, and at that time there was no hint of trouble.

The murder and suicide were discovered by Mrs. Dunton when she returned to the house about 9 o'clock. She fell over the body of her father in the parlor and when she ran to call her husband she found his body in their bedroom. Near him lay the revolver.

Godfrey and Dunton were partners in a dry goods store. Dunton ran the store on money supplied by his father-in-law. Recently, it is said, the store has not been a success, and Godfrey has lost money. This is believed to have been the subject of the quarrel.

**Tornado in Wisconsin.**

La Crosse, Wis., Aug. 14.—The worst tornado ever experienced here swept through this city and in fifteen minutes had done thousands of dollars' worth of damage. The storm worked great havoc to factories, residences, churches and electric companies, and brought to earth thousands of beautiful shade trees, making the streets and walks impassable in places. The tornado was accompanied by heavy rain.

## YELLOW JACK GROWS

### Ten Cases of Fever Reported From Cienfuegos.

### AUTHORITIES ARE ALARMED

**Yellow Fever Among the Soldiers is Spreading—There Is Now a Small Epidemic—Efforts Are Being Made to Check the Disease.**

Havana, Aug. 14.—The yellow fever among the soldiers at Cienfuegos is spreading until there is a small epidemic.

The cases, according to report, now number ten. The authorities are much alarmed. They are making every effort to check the spread of the disease, but it is feared that the other soldiers may have been already infected.

The patients are men belonging to the hospital corps and others who have been taken to the hospital on account of other ailments. It thus seems clear that the infection occurred within the hospital, which is in the same building as the civil hospital. It is now thought that there are from thirty to forty men in the hospital, counting employees, because there are 300 troops at that station.

The rurales are still chasing revolutionists in the province of Santa Clara.

Following the attack of the rurales recently, in which one insurrecto was killed, the band split into two parts. Governor Magoon's orders to get the revolutionists dead or alive causes comment. The Telegraph says:

"Governor Magoon has issued a number of good and useful orders, but no other half so good and useful as that given to the rural guards to pursue the rebels of Camajuani until they are annihilated."

**CRITICISES COMMISSION.**

**"Railway Age" Says Interstate Body Is Composed of Lawyers.**

Chicago, Aug. 14.—The Railway Age criticises the interstate commerce commission in an editorial that is said to voice the prevailing sentiment among the higher railway officials of the country. Among other things, the Railway Age says:

"Unfortunately, the commission contains too many good lawyers and acute politicians and too few men who have any practical knowledge of the railway business or who possess the grasp of railway economics and the capacity for statistical work. The result is that many rulings of the interstate commerce commission are not practical and that many of its opinion betray only a stray superficial knowledge of the important matters with which they deal.

"It is only fair to say that in view of the amount of work the commission has attempted to do since the Hepburn act went into effect it is not surprising that it has not always done good work. On the other hand, however, the commission has gone out of its way to meddle with a number of matters which did not seem to require attention from it, and it would have secured better results if it had attempted to do less."

The Age also sounds a note of warning regarding the numerous reductions in rates which the commission is ordering, and seems to infer that it is the disposition of that body to reduce rates whenever an opportunity presents.

**Lightning Bolt Dries Up Spring.**

York, Pa., Aug. 14.—During a storm near East Prospect lightning struck a large chestnut tree on the farm of George Anstine and ran into a spring at the base of the tree. The spring has never failed in more than a hundred years, but since the bolt struck it, it has disappeared completely.

**Hot Wave Kills Three.**

Memphis, Tenn., Aug. 14.—As a result of the extreme heat here following several days of a torrid wave, three men died of prostration. The thermometer at 3 o'clock registered 95 degrees.

## SPLITS OVER DANCING.

### Fifty Members Leave Baptist Church At Valdosta, Ga.

Valdosta, Ga., Aug. 14.—An unexpected split-up in the First Baptist church of Valdosta has been the chief topic of conversation in the city.

At the conclusion of his 11 o'clock sermon the pastor, Rev. L. R. Christie, announced that he had been requested to call a conference of the church, which he proceeded to do.

Rev. Graham Forrester acted as moderator. Rev. Christie then read his letter of resignation from the pastorate, giving as his principal reason that he believed the time had arrived for the establishment of another in the city, and that much good could be accomplished by the step.

Fifty-three other members, including some of the most influential and prominent communicants, called for their letters and withdrew from the church. The entire board of deacons and church clerk also followed the pastor.

The First Baptist church is probably the leading church of the city, and one of the strongest of the denomination in this section of the state. It has a membership of 700, and its church building is one of the handsomest in southern Georgia. Rev. L. R. Christie has been the pastor for five or six years, and he is regarded as one of the leading preachers of the denomination in the state.

The split-up, it is generally believed, sprung from the dismissals from the church some months ago of a number of young members for dancing, though all had not been harmony before that time.

It is understood that the members withdrawing from the parent church will begin work at once on the plans for a new church, of which Dr. Christie will be pastor. He is known to favor the building of a new church on the tabernacle order, and it is believed will make a stronger effort to reach the masses of non-church goers.

**Force Answer from Harriman.**

New York, Aug. 14—United States District Attorney Stimson filed in United States circuit court in this city a petition that E. H. Harriman and Otto H. Kuhn, the latter of the firm of Kuhn, Loeb & Co., be summoned into court to show cause why they should not answer certain questions relating to the control of the Chicago and Alton railroad. These questions were asked during the interstate commerce commission's investigation of the Chicago and Alton several months ago. Mr. Stimson acted for Attorney Bonaparte in filing the petition.

**Lunatic Rath's Vacation.**

Middletown, N. Y., Aug. 14.—L. B. Rath, an insane patient who escaped from the Middletown state hospital on July 31, was captured at Dobbs Ferry and brought back. A little while after his departure it was reported that the officials and attendants at the hospital began to receive souvenir post cards from him from various places, but he always left immediately after mailing a card and could not be located. Rath had about $50 when he left the institution. He says he had a fine time.

**Think Banker Is in Canada.**

Indianapolis, Aug. 14.—The state authorities believe that President H. Burrell, of the wrecked People's State Bank of Brownstown, has made his way to Canada. The latest developments show that he lost $36,000 in speculations without authority of the directors. Bank Examiner Camp and Deputy Oglesby have discovered that three citizens of Brownstown were associated with Burrell in his speculations and they are now under surveillance.

**Refused Drinks, Killed Bartender.**

Nelsonville, O., Aug. 14.—Zane Coon and John Galloway, of Doanville, demanded drinks at a roadhouse near here, with the statement that they had no money. When Thomas, better known as Poke Smith, refused, they raised a row, and while trying to eject the men, the latter drew revolvers and shot him. Galloway and Coon are in jail here. Smith was placed on a train to be treated at Columbus, but he died soon after arriving there.

## RIOTING IN BELFAST

### Troops Fire Into Crowd With Fatal Results.

### MANY PERSONS WOUNDED

**Bayonet and Baton Charges Failed to Rout the Frenzied Rioters, and the Troops Finally Fired Upon Crowds in the Streets.**

Belfast, Aug. 14.—Serious and fatal disorders have occurred here.

The troops fired into the crowd and a woman and a man were shot dead and a number of others were seriously wounded.

The trouble became acute about 6 o'clock when a mob of men and women attacked a police inspector.

Soldiers were at once summoned to the scene but they were met by a hail of paving stones, which resulted in emptying some of the saddles.

Bayonet and baton charges failed to rout the frenzied rioters and ultimately the order to fire was given.

The number of wounded is very great, and the hospitals are overcrowded with the injured.

**WHIRLWIND COURTSHIP.**

**Pittsburg Politician Wins Widow of Millionaire Lumberman.**

Pittsburg, Pa., Aug. 14.—Pittsburg has a new sensation, a whirlwind courtship of three weeks on the board walk at Atlantic City, resulting in Councilman George S. Anderson, of Pittsburg, winning the heart and hand of Mrs. Anna Eva Pembroke, of Boston, who is worth millions left by the death of her husband, John Quentin Pembroke, the lumber king. Anderson said, "I would not discuss this matter at all. Any announcement must be made by the lady. I surely spent three happy weeks at Atlantic City."

Political and business friends of Anderson, who were at the seashore, say the wedding has all been arranged; that the lovers are to be married within a month's time, and will spend the winter in Europe. Anderson is a member of the Pittsburg councils. Asked if he would retain his seat in the councils in the event of his wedding, he said:

"No; my girl desires me to continue in politics, and I will do so."

Anderson first met Mrs. Pembroke three weeks ago, at the Dunlap, in Atlantic City, where she was calling on friends. The young widow was staying at the Chalfonte, and within two days Anderson had changed his hotel address to the Chalfonte also.

Pittsburg friends say the courtship was something to be wondered at.

**Deluge of Green Snakes.**

Columbus, Ky., Aug. 14.—Hundreds of negroes and some whites have left this country across the Mississippi river from here, owing to a deluge of green snakes, which covered the earth by the thousands after a heavy shower Friday. No one has been found to offer a theory to offset the one that it rained snakes, and many of the white families are agitated over the curious phenomenon. No one has been bitten by the snakes, which are less than a foot in length and intensely green in color.

**Dead in His Auto.**

Carlisle, Ky., Aug. 14.—While driving an automobile on the public highway between Maysiick and Blue Lick Springs, Dr. M. R. Davis, one of the most prominent physicians in northern Kentucky, suddenly expired. Dr. Davis was in the car alone, and the machine whisked along until it collided with an embankment, and stopped without being damaged or upset. The dead body of Dr. Davis was found lying in the car by a man driving along in a buggy.

**Two More Victims.**

Springfield, Ill., Aug. 14.—Henry G. Hartman was drowned when a gasoline launch in which he was riding struck a bridge and sank. August Fesler, of Christian county, was drowned while swimming.

The Council met in regular adjourned session Monday evening, August 12, at 8 o'clock.

Members in attendance: President Pro Tem Bunch, Aldermen Cannon, Mixson and Vidal.

The adjustment of the taxes on the Endel estate's real property, which was referred to a committee of two members of the Council, composed of Aldermen Cannon and Bunch, reported that as a compromise they recommended the acceptance of $506.70 in full settlement of outstanding certificates, back taxes and interest to the present date, which, upon motion of Alderman Cannon, the Council agreed to.

Alderman Cannon moved that the Mayor and President of the City Council sign the contract with J. L. Allen for a deep well. Motion carried.

Alderman Cannon moved that the surveyor give L. L. Hill a grade on East Main street in front of the building now being erected, to conform to the grade of Phifer and Dell on the same block. Motion carried.

Ordinance No. 141, being an ordinance to determine the amount and fix the rate of taxation, and make the annual tax levy for the year 1907, was read, and, upon motion of Alderman Cannon, adopted on its first reading. Alderman Cannon moved to waive the rules and place ordinance on its second reading. Roll was called, every member voting aye.

The ordinance was then placed on its second reading, read by sections, passed, and upon motion of Alderman Cannon, adopted. Upon motion of Alderman Cannon, which was adopted, the ordinance was ordered engrossed.

Alderman Vidal moved that the Ordinance Committee prepare an ordinance requiring property owners to keep their premises, vacant lots and sidewalks around premises in a neat condition by the removing of weeds and objectionable debris of every kind. Carried.

Alderman Cannon moved that the Street Committee be authorized to clean up the streets. Motion carried.

Alderman Cannon moved to adjourn until 7:30 o'clock Tuesday evening. Motion carried.

**Tuesday Evening's Session.**

The Council met at 7:30, pursuant to adjournment of Monday. Present: Alderman Bunch, president pro tem; Aldermen Cannon, Mixson and Vidal.

Upon motion of Alderman Cannon Ordinance No. 141, being an ordinance entitled, "An Ordinance to Determine the Amount and Fix Rate of Taxation, and Make the Annual Tax Levy for the Year 1907," was placed back on its second reading, and was read and adopted by sections, with slight amendments, after which Alderman Cannon moved to adopt the ordinance as a whole on its second reading. Motion carried.

Alderman Cannon moved that the ordinance be engrossed. Motion carried.

The following resolution was offered by Alderman Cannon and adopted by Council:

"Whereas, It appears that there are various unpaid special assessments for the paving of Liberty street from Arredondo tsreet west to the city limits, and for the construction and maintenance of sidewalks on the north side of Liberty from Pleasant street west, and on the south side of said street from Garden street west to the city limits, and for the establishment and maintenance of grass plots along the outer sidewalk lines from the Gainesville and Gulf railroad west to the city limits, as provided in an ordinance approved the 6th day of March, 1906, and

"Whereas, It has become necessary to enforce the collection of said special assessments by an attorney, now, therefore, be it

"Resolved by the City Council of the City of Gainesville: That each and every unpaid special assessment arising under and by virtue of the provisions of an ordinance to provide for the paving of Liberty street west from Arredondo street to the city limits, for the construction and maintenance of sidewalks on the north side of said street from a point where Garden street crosses Liberty street, thence to the city limits, and for the establishment and maintenance of grass plots along the outer sidewalk lines from a point where the Gainesville and Gulf railroad crosses Liberty street thence west to the city limits, for the cost of such work and the issuance of special assessment city certificates to enable said city to pay the cost of said work pending the collection of special assessments approved 6th day of March, 1906, be and the collection of said unpaid special assessments is hereby entrusted to W. S. Broome, and he is hereby authorized and directed to take the necessary steps to enforce the payment of same."

Alderman Cannon moved that the chairman of the Street Committee be authorized to purchase 5,000 brick from O. Petre at $21.50 per thousand. Motion carried.

Alderman Vidal moved to adjourn until 2 p. m. Wednesday. Motion carried.

**Wednesday's Session.**

Council met at 2 o'clock p. m. pursuant to adjournment of Tuesday. Present: Anderman Bunch, president pro tem; Aldermen Cannon, Mixson and Vidal.

Alderman Vidal moved to waive the rules and place Ordinance No. 141, referred to the two former meetings, on its second reading and engrossment. Carried.

Alderman Vidal moved that the ordinance be read by sections, passed and declared passed.

Alderman Vidal moved that ordinance be turned over to the Printing Committee. Carried.

Alderman Cannon moved that the Street Committee get the names of streets that need opening, and location of those without names, and report to the Council. Motion carried.

Alderman Mixson moved that Ordinance Committee draw an ordinance requiring street hacks to carry lights at night. Carried.

Council adjourned until Monday evening, August 19.

### A Woman's Back

Has many aches and pains caused by [illegible] ailments. [illegible] organs faint [illegible] general weakness.

If any considerable number of these symptoms are present, rely upon it that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most perfect invigorating tonic and strengthening nervine known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful or habit-forming drugs. Its ingredients are all printed on the bottle-wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy OF KNOWN COMPOSITION, even though the dealer may make a little more profit thereby. *Your* interest in regaining health is paramount to any selfish interest *of his* and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by old Dr. Pierce over forty years ago, much imitated but never equaled. Little sugar-coated granules—easy to take as candy.

### Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by W. M. Johnson.

### A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair No Matter What Color.

The most beautiful complexion of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, in the new growth, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

## NEED FOR INLAND WATER WAYS.

The Outlook for July speaks editorially of the attempt to develop water transportation facilities west of the Mississippi river. For rate-making purposes between the East and West halves of the United States the Mississippi river is the dividing line. One rate prevails east of the river; another west. A Kansas City wholesale firm paying $60,000 for freight from New York found that $35,000 of this was consumed by the long haul from New York to St. Louis, while $25,000, or over 41 per cent., was required for the short haul from St. Louis to Kansas City. Furthermore, the congestion of traffic rendered transportation very slow. So general was the dissatisfaction among business men that a large number combined to organize the Kansas City Transportation and Steamship Co. as a co-operative concern to engage in the river trade between Kansas City and St. Louis. The navigation of the Missouri had long since been abandoned; boats there were none, snags had accumulated in the channel, and the river was not lighted. It was found necessary to purchase boats, two costing $40,000, and to run by daylight only; nevertheless, the boats have been able to cover the distance upstream from St. Louis to Kansas City in six days, and from Kansas City downstream to St. Louis in four days. This is better time than is often made by the railroads. It is hoped, furthermore, to cut the freight-rate about one-third. The company contemplates purchasing two more boats and, ultimately, so increasing the service as to force the railroads to meet the river competition.

## FROM THE PAGES OF FLORIDA PAPERS.

### Merry Old Fight It Will Be.

One of the most interesting of the local fights that are scheduled for the next primary will be that of the senatorial fight in the district comprised of Dade, St. Lucie and Brevard counties. It is understood that John Watson will try to wrest the senatorial toga from Fred M. Hudson, and "a merry old fight it will be."—Pensacola News.

### Down and Out.

The Daily State of Montgomery, Ala., passed into the hands of a receiver yesterday. The paper started publication on May 26, and was beset with the many difficulties to which every new journal is subjected in these days of competition. As stated editorially in The Sunday Daily State, the expense of starting the paper exceeded its income, and it failed to receive the endorsement and support of the public as was expected by the stockholders.—Pensacola Journal.

### Beautifying the Plaza.

One of the most striking illustrations of what can be done in the way of beautifying the city is the great change which has taken place in the appearance of the Plaza. Six weeks ago the park was filled with dead grass, leaves and trash, and presented anything but a beautiful sight. Today, the grass is green and the walks neatly trimmed. Flowers and shrubbery are located in well-selected places and now attract attention from every visitor. Let the good work go on. What has been done here can be done elsewhere.—Pensacola Journal.

### Conspiring Against Law.

Every thoughtful citizen each day must become more and more impressed with the insufficient, unequal and desultory enforcement of law throughout the United States. The man with the money and the man with the pull have justice, so to speak, by the nose, and strangle her in the performance of her duty. The Tribune regrets to note that Florida is very far from being an exception to the rule, and its laws and institutions are being constantly disgraced by a lamentably lax system of administering the legal statutes.

We do not say that the courts of law are altogether at fault in this respect. Indeed, the fault lies more at the door of those whose duty it is to carry out the findings of the courts than at that of the courts themselves. There is an ever increasing effort on the part of criminals to evade the punishment which the courts have decreed they should suffer, and these efforts grow more and more successful each succeeding year. From the State Pardoning Board down to the local constables there appears to be an understanding that every advantage should be given the guilty to escape serving a just sentence and that the reign of law is inimical to the interests of the community, and the State. And, truly, when convicted thieves, through some specious pretext, are permitted to show their brazen faces in daily intercourse with respectable people of a community; when convicted murderers may walk unmolested and safe from the enforcement of their sentence; when malefactors, both great and small, may, through a little shrewdness on the part of their lawyers, combined with a public tolerance altogether inexplicable, foolish and wrong, snap their fingers at the jail locks that should snap on them, there comes to us an omnious foreboding that something is radically wrong—something way down at the bottom of things—that requires instant and most drastic remedial treatment.

The existence of this condition, bordering on the chaotic, is the shame of the land. It is the shame of Florida. How may we justly rail against the infernal and anarchical nightmare men call the "unwritten law" so long as we fail to compel our courts to act with promptitude in the trial and conviction of criminals and the officers of the law to use instant precision in carrying out the sentences of the courts? Men speak of the "majesty of the law." Such an expression is becoming as sarcasm, we regret to say; and many in high places are assisting in casting this indignity upon our most sacred institution of mortal goverance. Unless the public mind awakens and insists upon a reform of methods, it will not be long before the law will be shorn of its robes of majesty and dressed in the garb of a buffoon.—Tampa Tribune.

### Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

## A HOT OLD GAME.

**Sampson City and Graham Played Good Ball Saturday Afternoon.**

Montgomba, August 14.—Sampson City and Graham locked horns on the Graham diamond Saturday afternoon. Sampson had a full grown nine of first-class players. Ed Smith, the pitcher who throws the rambling curves, pitched for Sampson. Graham's nine was in fine trim and did some good playing. Osteen was in the box for Graham the first two innings, when he got a pain in his arm, and Cricket Perwitt of Waldo stepped into the box. Prewitt pitched fine ball and played well.

The score was at first thought to be a tie because the last run was made on a blocked ball, but after some talking between captains and umpires it was decided as 7 to 6 in favor of Graham.

The main feature of the game was the batting of the 165-pound center-fielder while running backward in order to catch a fly.

There will be another game between Graham and Sampson on the 17th, to be played on Graham's diamond.

Graham is just out, but will be one of the first teams in Bradford county. The Abernathy is doing all he can to make it that now.

## THE LAST GREAT SALE.

**The C. W. Hyde Company Will Offer Unprecedented Bargains.**

As will be seen from the advertisement elsewhere in this paper, it remains for the enterprising firm of the C. W. Hyde Company to offer the wonderful bargains they have in a great ten-day clearing sale of all summer goods in every department. This firm bought heavily of these goods, and are needing room in which to display them. Having purchased a tremendous stock of summer goods, they are desirous of closing the same, and will offer bargains never before heard of in this city—goods at less than cost of production.

The sale will begin Saturday morning, August 17, and will continue for ten days, all the ladies, as well as all others who need goods in this line, will do well to read the ad. and consider the prices.

The Hyde store is one of the oldest and most reliable in this section of the state, and guarantee everything as represented, or money will be refunded.

## A HAWTHORN ROW.

**Town Marshal and Negro Involved in Fight—Serious Results.**

Information was received in this city Monday to the effect that an altercation occurred between Will Townsend, white, and Julius Washington, colored, at Hawthorn a few nights previously, which resulted in Townsend being pretty badly pounded about the head and the negro painfully cut.

It is not known just how the altercation originated, but that it did originate is best proven by the punishment the participants received at the hands of each other.

The negro, it is said, was severely cut, and he was permitted to escape without arrest.

The affair has caused a great deal of excitement, as Mr. Townsend is well known in and around Hawthorn.

## GIVES A PERFECT SKIN.

**Sulphur in Liquid Form Adds to the Beauty of Women.**

"Beauty is only skin deep," but you cannot be beautiful if you have red skin disease or bad complexion. Hancock's Liquid Sulphur quickly cures eczema, tetter, sores, eruptions, blotches, and all skin diseases. Apply Hancock's Liquid Sulphur Ointment to the face just as you go to bed and it will soon give you a smooth, velvety skin.

Taken internally, Hancock's Liquid Sulphur purifies the blood and clears up the complexion. A few spoonfuls in hot water makes the finest of sulphur baths. All druggists sell it. Sulphur Booklet free, if you write Hancock Liquid Sulphur Co., Baltimore.

Dr. W. W. Leake of Orlando, Fla., who was cured, says: "It is the most wonderful remedy for Eczema I have ever known."

## Cures Indigestion and Sour Stomach

Don't suffer longer. You can be relieved immediately by Hicks' Capudine. Restores the proper flow of gastric juice, relieves distress and nausea. Pleasant to take—It's liquid. Cures. At all druggists.

### Panic in a Sanitarium.

Wheeling, W. Va., Aug. 14.—As a result of a rain and hailstorm the Grafton sanitarium was flooded, causing a panic among patients and considerable damage. The institution is located on Beech street, along the side of the hill, and was flooded from the little streams above. Several patients plunged from their beds into water, which reached a depth of four feet. Many fainted and there were several narrow escapes from drowning. It is feared that two women will die from the terrible experience.

### Children In Pain

Never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. Sold by W. M. Johnson.

### Thirty Houses Burned.

Memphis, Tenn., Aug. 14.—Fire Monday destroyed thirty-one small dwelling houses occupied by negroes, located just outside of the city limits. As a result, three hundred negro persons are homeless. The fire is said to have originated from an overturned lamp. The houses were outside of the fire limits and the fire department could not render any assistance.

## The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle

**S.S.S. A CERTAIN SAFE TREATMENT**

Even if mercury and potash could cure Contagious Blood Poison the condition in which these strong minerals leave the system would make the "cure worse than the disease." But they cannot cure the vile disorder; they can only cover up the symptoms for awhile or mask the disease in the system, but as soon as the treatment is left off the hideous symptoms return. Mercury and potash eat out the delicate lining of the stomach and bowels, produce chronic dyspepsia by drying up the gastric juices, cause the teeth to decay, and often completely break down the constitution, and where they are used in large quantities, the bones become affected, while the disease for which one has so long taken this destructive treatment has not been cured. Contagious Blood Poison is a disease it will not do to trifle with. It is a vile, dangerous and destructive disorder. When the blood becomes infected with its virus the mouth and throat ulcerate, hair and eyebrows come out, glands in the neck and groin swell, copper-colored spots appear on the flesh, and in severe cases sores break out on the body, the finger nails drop off and the sufferer is diseased from head to foot. S. S. S. is the only known antidote for Contagious Blood Poison—the one remedy that is able to get to the root of the disease and force out every particle of the poison so that there are never any signs of its return. It is purely vegetable, made entirely from roots, herbs and barks of known curative value. Instead of leaving bad after-effects as some medicines do, S. S. S. tones up every part of the system and puts every part of the body in perfect health. It will also remove any lingering effects of former mineral treatment while eradicating the poison from the circulation. Special book on the home treatment of this disease and any medical advice desired furnished free to all who write.

## GEORGIA LEGISLATURE.

**General Banking Bill Is Passed by the Senate.**

Atlanta, Aug. 14.—The general banking bill passed the senate Monday morning by a vote of 32 to 6.

Senator Hawes addressed the senate in behalf of the measure. He admitted that there were certain errors in the bill, but urged that it be passed without amendment, for fear that its passage in the house would be endangered.

Whether the state will be allowed to vote on the administration disfranchisement bill at the next general election will probably be answered when the debate closes on the Felder bill, an' the measure will doubtless come up for a vote.

All of Monday, except those few moments consumed by the passage of the general deficiency bill, was consumed with debate on this subject, Hon. Joe Hill Hall, of Bibb, holding the floor for the major portion of the day, and thundering his opposition to the measure.

Governor Smith sent the following nominations to the senate, asking its concurrence:

Hon. E. F. Dupree, as judge of the county court of Pike county for a term of four years, from April 19, 1908; also that of Emmett Owen, as solicitor of the county court of Pike county, for a term of two years, from April 19, 1908.

Senator Howard introduced an important bill, the purpose of which is to revise the present school laws of the state.

The bill provides for a state board of education, consisting of the governor of the state, attorney general, state superintendent of public instruction and six citizens appointed by the governor. The bill also provides for the election of a state superintendent of public instruction in place of the state school commissioner. It also provides for the prescribing and enforcing of rules and regulations governing the certification of teachers, granting them licenses, etc.

By a vote of seven to five, the finance committe of the Georgia senate Monday night voted to abolish the $300 state tax on social clubs, which was asked by Representative Seaborn Wright in an amendment to the tax act, and allow all clubs, after Jan. 1, to be formed without any state license whatever.

I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbine has done me." Sold by W. M. Johnson.

**Bear Visits Sagamore.**

Oyster Bay, N. Y., Aug. 14.—A live bear, of whom no one claims ownership, has taken up his home in the woods of Sagamore Hill, and in the early foggy hours Monday morning he paid a visit to the residence of President Roosevelt. The tramping of the underbrush near the edge of the cleared knoll on which the president's summer home is situated, roused the secret service guard to activity. He hastily organized the household dogs and stablemen into a hunting party. For three hours the hunt lasted—from 3 o'clock to 6—but the bear had gotten away.

## HOW BONNER WON SUCCESS

The career of Robert Bonner, the veteran publisher, furnishes a signal illustration of the value of persistent and sagacious advertising. When he began the publication of the paper whose phenomenal success brought him fame and fortune, he did not wait for the people to find out, slowly and gradually, the interesting features of his journal.

He forced his enterprise upon public attention by a systematic lavishness of expenditure for advertising which at that time was without precedent or parallel. Whole pages of daily newspapers were secured at high prices to blazon forth the merits of his undertaking.

From one end of the country to the other the names of Bonner and his Ledger were made familiar to the people by constant repetition.

Conservative publishers, jogging along in the ruts of old routine, prophesied bankruptcy and ruin for this unconventional innovator, but Bonner kept on spending a large share of his receipts in buying publicity, and those receipts increased with startling rapidity.

Every dollar disbursed in this way brought in more dollars until croakers were confounded and pessimists in this particular branch of business silenced by his tremendous success.

The lesson is one that is as well worth heeding today as it was forty years ago.—Philadelphia Bulletin.

The ladies of Gainesville will be pleased to note that Madame Swarthout, formerly with the G. W. Hyde Company, is nicely located at Mrs. Thrasher's home, and is prepared to take all kinds of sewing.

T. W. Shands has gone to Atlanta, Ga., where he will join his wife, who has been summering in North Carolina. Friends of Mrs. Shands will regret to learn that her health is none too good, and she goes to Atlanta for treatment.

G. W. Call and Captain H. C. Parker of LaCrosse were in the city Tuesday. Captain Parker is one of the most reliable merchants and cotton buyers in that section of the county. He paid The Sun a highly appreciated call.

Mrs. S. B. Rogers writes from Atlanta that Rev. S. B. Rogers, pastor of the First Baptist church in this city, has been a very sick man and has suffered a great deal, but he is getting along very well now and was much better on Tuesday.

Roadmaster J. S. Jolly of the Atlantic Coast Line, formerly of this city but now making his home in Jacksonville, passed through Gainesville Tuesday en route to Tampa on official business. This was Mr. Jolly's first visit since February, and his friends were glad of an opportunity to welcome him again.

Misses Annie and Jessie Wimberly of Cedar Key were in the city for a few hours Tuesday, being en route home from Daytona Beach, where they have been sojourning for the past few days. These young ladies resided here for several years, and their numerous friends were delighted at another opportunity to welcome them, if only for a short time.

Large furnished room for rent, pleasant location, within short distance of square. Address Box 236, City.

Mr. and Mrs. George P. Morris and children have returned from Cedar Key, after a most delightful sojourn of a few days.

Bloxham Dell has returned from an extended trip to the summer resorts of North Carolina. He is very much improved in health.

Prof. Jules Eichelberger left yesterday for Raleigh and other points in that section on professional business. He expects to be absent the remainder of the week.

In the primary election for sheriff in Bradford county yesterday J. N. Langford received a majority of 59 votes over both the other candidates, S. B. Denmark and M. L. Johns. A very light vote was polled and the election passed off quietly.

James M. Turner of Lake View was in the city Tuesday. Mr. Turner is happy over the arrival of a new grandson, a fine boy having been born to his daughter, Mrs. W. C. Niblack, at Fort White, a few days ago. His friends here extend congratulations.

Charles F. Glass, U. S. N., who for the past two months has been home on a furlough and sick leave, returned to his post at Guantanamo Bay, Cuba, on the 12th inst. He has improved greatly during his visit to his parents at High Springs, and returns to his duties in a most cheerful mood.

Mr. and Mrs. T. J. Cone and children of Raleigh were in the city Tuesday. Mr. Cone, who purchased the property known as the Eastman cottage on West Main street S., is having the same thoroughly overhauled and repaired and when completed it will be one of the neatest cottages in that section of the city.

## M'CORMICK IN NEW YORK.

Writes Interesting Letter of New York and Its People.

W. J. McCormick, who is spending a few weeks in and around Lisbon, Northern New York, writes The Sun interestingly of that country, which he declares is the finest at this season he has ever visited.

Mr. McCormick also writes of his trip from Norfolk. His party, consisting of W. S. McDowall, W. L. Davis and himself—as jolly a trio as ever left Florida—arrived in Philadelphia just in time to witness the grand Elks' parade. They were "hemmed in by the immense throng, and were compelled to stand under a scorching sun several hours, unable to find a way out of the crowd.

From Philadelphia the party proceeded to New York, where they "took in the sights" for a few days, during which time they had the pleasure of meeting H. M. and Arthur Chitty.

At New York Mr. McCormick left his companions and proceeded up the historic Hudson on one of the floating palaces of the Hudson River Line. He stopped at Albany a day or two, proceeding to Ogdensburg, 150 miles north of Albany, on the St. Lawrence river, thence to Lisbon, where he will remain until returning home.

The weather, he says, in that section resembles very much our fall here and he is carried away with the climate, scenery and people.

Mrs. M. E. Tidd, the professional nurse, has returned from a visit of several days to Williston.

G. W. Polk, G. P. Smith, O. G. Barker and J. C. Smith of Donnie were in town yesterday and made The Sun an agreeable call.

Miss Clara Runkle is among the Gainesville people sojourning at Daytona Beach. She is enjoying the surf bathing very much.

Mrs. S. T. Dell left yesterday for Starke, where she will spend a few days as the guest of her parents, Captain and Mrs. W. T. Weeks.

Hon. A. H. King of Jacksonville, one of the most successful attorneys in the State, spent yesterday with relatives and friends in this city.

D. T. Trammell of Wilcox was a business visitor to this city yesterday. Mr. Wilcox is engaged in the mercantile business in that progressive village.

R. L. Black of Highland, member of the firm of R. L. Black & Co., naval stores operators, was in the city yesterday. While here he purchased a fine mule from W. R. Thomas & Co.

F. E. McKee, the efficient timekeeper for the Otter Creek Lumber Company, Otter Creek, was in the city yesterday. Mr. McKee reports a large force at the plant, which is working on full time.

Mrs. E. M. Walton has returned to her home in this city from Asheville, N. C., and Atlanta, Ga., where she has been for the past few weeks for the benefit of her health. Friends will be pleased to learn that she is very much improved.

## CLOSED THEIR KEYS

### Associated Press Operators Join Striking Telegraphers.

### NEWS SERVICE IS CUT OFF

Strike of the Commercial Telegraphers Has Now Become Practically General—Operators, 5,000 in Number, Walk Out in New York.

Atlanta, Aug. 14.—The Associated Press operators in Atlanta and in every city throughout the south, the entire northeast and sections of the east closed the circuits upon which they were working just as the electric clocks over the telegraph instruments showed the thirteenth minute after 3 o'clock, Atlanta time.

And five minutes later Monday night there was a death-like silence in those rooms which are wont to reverberate from dawn to darkness and from darkness to dawn with that constant, ceaseless clicker a telegraph sounder is always making.

In Atlanta and so it was in every city from Portland, Oregon, to Boston and from Chicago to New Orleans—a single man—one of the editors with an office boy was keeping watch over the happenings of the world, was doing the task usually entrusted to a force varying from three or four up to a dozen men. But silent was that vigil. It was a watch and not a talk that obtained in every office within the territory indicated.

It was the wish of the Associated Press men that was the father of the day in the telegraph strike, notwithstanding the fact that New York, with its 5,000 and more operators, Baltimore, Boston, Buffalo and four large cities, each with a strong numerical force, left their keys and joined hands with the men who had preceded them in the strike.

The demands of the operators are: Day work, six days, eight hours a day, $30 per week, and overtime and Sunday at the rate of 60 cents per hour. Night work, six nights, eight hours, $35 per week and overtime and Sunday at the rate of 70 cents per hour.

The vacations to remain as at present.

New York, Aug. 14.—The strike of telegraph operators which has affected many cities throughout the country, was extended to New York today when the men employed by the Western Union and Postal companies quit work. The postal officials said that 90 per cent of their men were out. The Western Union officials declared that 50 per cent of the day force left their keys. Extra police were called out to preserve order in the vicinity of the telegraph offices, but there was little or no occasion for their services. The crowd behaved orderely. The day operators in the Western Union branch offices joined the strikers from the main offices.

**Burglars Blow Safe for $50.**

Kokomo, Ind., Aug. 14.—Three masked men entered the Baltimore & Ohio station at Syracuse, near here, bound W. A. Toops, the agent and night operator, and R. V. Toops, his brother, and then blew open the safe and escaped with its contents.

**Applied the Torch.**

Wilmington, Del., Aug. 14.—Following the serious race riot at Harrington, a mob of its white citizens poured gasoline on two buildings owned by leaders of the negroes, and then applied a torch. The buildings were consumed. When the inmates were fleeing for their lives, the mob fired several volleys at them, but no one was wounded.

**Saved Their Lives.**

Uniontown, Ohio, Aug. 14—Robert Cardy, Jr., saved the lives of two people by turning his auto into a telegraph pole and completely wrecking it, instead of running into a train while on his way from Hubbard to this city. Paul Jones, his companion, was seriously injured by being thrown against a barbed wire fence.

## CASA BLANCA'S HORROR SIGHTS

### Arabs Killed One Another in Seeking Plunder.

London, Aug. 14.—The Casa Blanca correspondent of the Daily Mail, describing a tour of the ruined town on Saturday, says:

"In the back part of the town the French shells wrought infinitely less death than the Arab bullets. Corpses were lying contorted on the streets. Many are stabbed and gashed with knives. Heads were battered with axes and enormous bullet holes blackened with powder showed where men died at short range by Arab weapons.

"Many so killed were Arabs, huge limbed giants. The plunderers had fought among themselves for one another's plunder and killed one another in a contest to escape along the narrow lanes when the French re-inforcements landed. Many women and children were among the dead littering the streets.

"When the fleet arrived and the heavy bombardment of the exterior of the city commenced, there was a rush to escape, but the only exit into the safety of the country was a single gate on the south side, where the warships dropped a rain of shells. Here along the walls hundreds of bodies were piled, while white clad Arab corpses dotted the whole plain.

"More Arabs were killed here than in the whole interior of the town.

"Bodies were lying in piles of goods of every description, bales of silk, cotton cloth, chests of tea, piles of sugar, every commodity. Many of them had been trampled to death in the struggle to reach the exit, which was like that at a theater fire.

"Saturday two English ladies, at the request of the French authorities because they were able to speak Arabic, paid visits to the houses of the leading Moorish families to inquire as to the safety of the Moorish ladies. It is not known what they learned, except that Moorish gentlewomen burst into tears, kissed their feet when they entered, and piteously implored protection.

"The English ladies returned pale and trembling, with the horror of the stories they heard, which they were unable to repeat. Tales of bleeding ears, where Arabs, violating the sanctity of the women's quarters, had torn jewelled earrings away, were the least of the horrors they heard. I myself saw several young and beautifully dressed Moorish ladies killed by the same shrapnel as their ravishers."

**KILLS FATHER-IN-LAW.**

### Quarrel Over Business that Did Not Pay Led to Murder and Suicide.

Ottumwa, Iowa, Aug. 14.—Frank Dunton, former mayor of Ottumwa, shot his father-in-law, George Godfrey, and then ended his own life.

A quarrel over business matters is thought to have led to the tragedy. Dunton, who married Godfrey's eldest daughter, lived with his father-in-law. The men were last seen alive at supper time, and at that time there was no hint of trouble.

The murder and suicide were discovered by Mrs. Dunton when she returned to the house about 9 o'clock. She fell over the body of her father in the parlor and when she ran to call her husband she found his body in their bedroom. Near him lay the revolver.

Godfrey and Dunton were partners in a dry goods store. Dunton ran the store on money supplied by his father-in-law. Recently, it is said, the store has not been a success, and Godfrey has lost money. This is believed to have been the subject of the quarrel.

**Tornado in Wisconsin.**

La Crosse, Wis., Aug. 14.—The worst tornado ever experienced here swept through this city and in fifteen minutes had done thousands of dollars' worth of damage. The storm worked great havoc to factories, residences, churches and electric companies, and brought to earth thousands of beautiful shade trees, making the streets and walks impassable in places. The tornado was accompanied by heavy rain.

## IMPORTANT MEETING OF CITY COUNCIL

### Only Four Aldermen Present, But They Get Down to Business.

### ANOTHER ORDINANCE PASSED

*Fixing Tax Levy for 1907—Council Passed Resolution Enforcing the Payment of Delinquent Special Assessments Through City Attorney.*

The Council met in regular adjourned session Monday evening, August 12, at 8 o'clock.

Members in attendance: President Pro Tem Bunch, Aldermen Cannon, Mixson and Vidal.

The adjustment of the taxes on the Endel estate's real property, which was referred to a committee of two members of the Council, composed of Aldermen Cannon and Bunch, reported that as a compromise they recommended the acceptance of $506.70 in full settlement of outstanding certificates, back taxes and interest to the present date, which, upon motion of Alderman Cannon, the Council agreed to.

Alderman Cannon moved that the Mayor and President of the City Council sign the contract with J. L. Allen for a deep well. Motion carried.

Alderman Cannon moved that the surveyor give L. L. Hill a grade on East Main street in front of the building now being erected, to conform to the grade of Phifer and Dell on the same block. Motion carried.

Ordinance No. 141, being an ordinance to determine the amount and fix the rate of taxation, and make the annual tax levy for the year 1907, was read, and, upon motion of Alderman Cannon, adopted on its first reading. Alderman Cannon moved to waive the rules and place ordinance on its second reading. Roll was called, every member voting aye.

The ordinance was then placed on its second reading, read by sections, passed, and upon motion of Alderman Cannon, adopted. Upon motion of Alderman Cannon, which was adopted, the ordinance was ordered engrossed.

Alderman Vidal moved that the Ordinance Committee prepare an ordinance requiring property owners to keep their premises, vacant lots and sidewalks around premises in a neat condition by the removing of weeds and objectionable debris of every kind. Carried.

Alderman Cannon moved that the Street Committee be authorized to clean up the streets. Motion carried.

Alderman Cannon moved to adjourn until 7:30 o'clock Tuesday evening. Motion carried.

**Tuesday Evening's Session.**

The Council met at 7:30, pursuant to adjournment of Monday. Present: Alderman Bunch, president pro tem; Aldermen Cannon, Mixson and Vidal.

Upon motion of Alderman Cannon Ordinance No. 141, being an ordinance entitled, "An Ordinance to Determine the Amount and Fix Rate of Taxation, and Make the Annual Tax Levy for the Year 1907," was placed back on its second reading, and was read and adopted by sections, with slight amendments, after which Alderman Cannon moved to adopt the ordinance as a whole on its second reading. Motion carried.

Alderman Cannon moved that the ordinance be engrossed. Motion carried.

The following resolution was offered by Alderman Cannon and adopted by Council:

"Whereas, It appears that there are various unpaid special assessments for the paving of Liberty street from Arredondo street west to the city limits, and for the construction and maintenance of sidewalks on the north side of Liberty from Pleasant street west, and on the south side of said street from Garden street west to the city limits, and for the establishment and maintenance of grass plots along the outer sidewalk lines from the Gainesville and Gulf railroad west to the city limits, as provided in an ordinance approved the 6th day of March, 1906, and

"Whereas, It has become necessary to enforce the collection of said special assessments by an attorney, now, therefore, be it

"Resolved by the City Council of the City of Gainesville: That each and every unpaid special assessment arising under and by virtue of the provisions of an ordinance to provide for the paving of Liberty street west from Arredondo street to the city limits, for the construction and maintenance of sidewalks on the north side of said street from a point where Garden street crosses Liberty street, thence to the city limits, and for the establishment and maintenance of grass plots along the outer sidewalk lines from a point where the Gainesville and Gulf railroad crosses Liberty street, thence west to the city limits, for the cost of such work and the issuance of special assessment city certificates to enable said city to pay the cost of said work pending the collection of special assessments approved 6th day of March, 1906, be and the collection of said unpaid special assessments is hereby entrusted to W. S. Broome, and he is hereby authorized and directed to take the necessary steps to enforce the payment of same."

Alderman Cannon moved that the chairman of the Street Committee be authorized to purchase 5,000 brick from O. Petre at $21.50 per thousand. Motion carried.

Alderman Vidal moved to adjourn until 2 p. m. Wednesday. Motion carried.

**Wednesday's Session.**

Council met at 2 o'clock p. m. pursuant to adjournment of Tuesday. Present: Alderman Bunch, president pro tem; Aldermen Cannon, Mixson and Vidal.

Alderman Vidal moved to waive the rules and place Ordinance No. 141, referred to in the two former meetings, upon its third and final reading. Motion carried, every member voting aye, and the ordinance was read by sections on its third and final reading and declared passed.

Alderman Vidal moved that ordinance be turned over to the Printing Committee. Carried.

Alderman Cannon moved that the Street Committee get the names of streets that need opening, and location of those without names, and report to the Council. Motion carried.

Alderman Mixson moved that Ordinance Committee draw an ordinance requiring street hacks to carry lights at night. Carried.

Council adjourned until Monday evening, August 19.

**A HOT OLD GAME.**

### Sampson City and Graham Played Good Ball Saturday Afternoon.

Monteocha, August 14.—Sampson City and Graham locked horns on the Graham diamond Saturday afternoon.

Sampson had a full grown nine of first-class players. Ed Smith, the pitcher who throws the rambling curves, pitched for Sampson.

Graham's nine was in fine trim and did some good playing. Osteen was in the box for Graham the first two innings, when he got a pain in his arm, and Cricket Perwitt of Waldo stepped into the box. Prewitt pitched fine ball and played well.

The score was at first thought to be a tie because the last run was made on a blocked ball, but after some talking between captains and umpires it was decided as 7 to 6 in favor of Graham.

The main feature of the game was the falling of the 165-pound centerfielder while running backward in order to catch a fly.

There will be another game between Graham and Sampson on the 23rd, to be played on Graham's diamond.

Graham is just out, but will be one of the first teams in Bradford county. Captain Abernathy is doing all he can to make it that now.

## RIOTING IN BELFAST

### Troops Fire Into Crowd, With Fatal Results.

### MANY PERSONS WOUNDED

Bayonet and Baton Charges Failed to Rout the Fenians, and Troops Finally Fired Upon Them in the Streets.

Belfast, Aug. 14.—Serious political disorders have occurred here.

The troops fired into the crowd, killing a woman and a man, and wounding a number of others, seriously wounded.

The trouble began about 10 o'clock when a mob of men and women attacked a police barracks.

Soldiers were at once dispatched to the scene, but they were met by a hail of paving stones, which they used in emptying some of the houses.

Bayonet and baton charges failed to rout the Fenians, who outnumbered the police.

The number of wounded is great, and the hospitals are overcrowded with the injured.

# AS BODY LAY IN LONELY WOODS HOGS FEASTED ON HEAD OF DEAD MAN

**Early Saturday Night Tragedy Near Small Mining Town.**

**NEGRO WAYLAID AND KILLED.**

**Was Working in Phosphate Mines, and Left Wade With Considerable Money, When He Was Assaulted and Robbed—Inquest Held Monday.**

Information comes from the little mining town of Wade, in the West End, to the effect that Alex. Williams, alias "Kid" Shine, a mulatto about twenty-two years of age, met his death at a negro festival at the home of Henry Barber, another negro, about a mile from that town, Saturday night.

The killing seems a mystery, as the usual fight over cards, so common among the negroes of the mining district, was not the cause. It is supposed that robbery must have been the motive as it is said the negro carried considerable money when he left Wade Saturday night. When his body was found not a cent was in the clothing.

It is said that two negroes, Jesse [illegible] and Frank Wilson, are accused of the crime, and Deputy Sheriff E. A. [illegible] was there Monday morning [illegible] the investigation and locating the culprits.

**Negro Mutilated Head.**

Justice M. A. Manley of High Springs, [illegible] of the tragedy, proceeded to [illegible] Monday, when an inquest was held, the body of the negro lying [illegible] exposed to the weather, vermin, [illegible], etc., from the time of the [illegible] Monday. The negro had [illegible] his head, eating off [illegible].

The negro was well known at High Springs and throughout the West End, [illegible] had been employed for some [illegible] and as the motive of the killing [illegible] the officials are specially [illegible] to run down the culprit [illegible].

The train consisted of a disabled engine and four coaches, all of which were damaged considerably, judging from appearance.

**Change in Road Work.**

There has been made a change in the supervision of public road work, the change taking effect Monday.

T. E. Waite, who has been superintending the work on the Gainesville-Prairie Creek road, has been transferred to Commissioner Paulling's district, comprising the Hawthorn, Micanopy and Archer sections, while J. E. Emerson has been given complete control as supervisor of the Prairie Creek road, succeeding Supervisor Waite.

Commissioner Paulling and Supervisor Waite will begin active work at once in the district to which the latter has been assigned, with the result that the work will be prosecuted with dispatch.

**A SAD DEATH.**

**Thomas H. Wallis Passed Away At Sanitarium Sunday Morning.**

One of the saddest deaths to occur at the Odd Fellows' Sanitarium for some time was that of Thomas H. Wallis, who expired Sunday morning at 11 o'clock of appendicitis.

Deceased was forty-six years of age and for many years has been one of the most widely known, most universally popular, and most successful traveling salesmen in this section of the State.

While at High Springs on Wednesday night of last week deceased was stricken, but nothing serious was anticipated at that time. He suffered intensely all of Thursday and Thursday night, when the Elks of High Springs, of which order he was a member, realized that his condition was serious and that it was absolutely necessary to take him to a hospital where he could have the proper care and attention. Accordingly they secured a special train and brought the patient to the hospital here, arriving early Friday morning.

The patient continued to grow worse and late in the afternoon, in an endeavor to save his life, an operation was performed. He rallied for a time but sank again, expiring Sunday morning. His devoted wife, who had been summoned from Clearwater by telegram, was at the bedside when he died, as were also a few friends and brother Elks. It was a sad and sympathetic scene.

The remains were taken to Ocala on the afternoon train, via the Atlantic Coast Line, the same being accompanied to the station and tenderly placed aboard the train by a committee of Gainesville Lodge No. 990, B. P. O. E. Superintendent McArthur of the Atlantic Coast Line generously held the train for a half hour in waiting for the remains. His kindness is highly appreciated and will never be forgotten. The remains were accompanied to Ocala by the distressed widow, Past Exalted Ruler L. C. Lynch of Gainesville Lodge, and Wade Hampton, and the funeral was held in that city, which was his home, Monday afternoon.

Mr. Wallis was a member of the Benevolent and Protective Order of Elks and the Ocala Camp of the Woodmen of the World. He was very popular in both societies and will be greatly missed in the ranks.

He is survived by a widow and three children, to whom the sympathy of the general public is extended.

**HIGH TIMES AT CAMPVILLE.**

**Thirteen Gamblers Arrested, Pleaded Guilty and Were Fined.**

The old 13 still retains its prestige of an unlucky number, notwithstanding that some industrious fellow has tried to add 10, and "23" has been industriously striving to oust the old reliable 13 of ancient days out of a job.

There were thirteen gamblers indulging in a skin game at Rex a few days ago—and, to make matters more sinful, were using the sacred Sabbath day for their gambling. Deputy Sheriff L. E. Story of Windsor was apprised of the game, went over to the scene and, single-handed, arrested the whole push. The whole thirteen then made an effort to "23," but it didn't go, and the officer landed the game.

The men were Weldon Smith, Ben Walker, Matthew White, Adam Debose, Ed Nant, Will Felix, Robert Dinkins and six Jinkinses, making a grand total of thirteen. They were arraigned before Justice Dyess, pleaded guilty, and were sentenced to pay a fine of $1 and costs each, making an aggregate in fines and costs of $130.

Right expensive pleasure for a little "innocent" skin game.

**Don't Be Blue**

And lose all interest when help is within reach. Herbine will make that liver perform its duties properly. J. B. Vaughn, Elba, Ala., writes: "Being a constant sufferer from constipation and a disordered liver, I have found Herbine to be the best medicine, for these troubles, on the market. I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbine has done me." Sold by W. M. Johnson.

**BAKER-SIMMONS.**

**Brilliant Church Wedding of Two Popular Young People.**

Island Grove, August 12.—The quiet little town of Island Grove was the center of attraction to many people both far and near Wednesday, August 7, for on that evening was to be solemnized the marriage of two prominent young people, Mr. E. R. Simmons of Sparr, Florida, and Miss Bessie Baker of Island Grove.

The Baptist church had been beautifully decorated by loving friends of the bride with evergreens and white flowers of many varieties. The color scheme was white and green. There was a beautiful arch of cedar, white roses and honeysuckle; and festoons of cedar and white flowers and boquets.

At 8:45 o'clock the bridal party slowly wended their way up the single aisle of the little church to the strains of Mendelsshon's wedding march, which was beautifully rendered by Mrs. J. H. Martin.

First came the ushers, Mr. H. V. Cassels and Mr. W. T. Carlton, who marched up the aisle and, turning to the left, went behind the arch, came through it, separated and stood facing each other to the right and left of the arch. Next came Miss Clara Vause, niece of the groom, wearing a lovely white dress and carrying a boquet of white roses and ferns, attended by Mr. H. L. Fowler of Lake Butler, who followed the example of the ushers. Then came Miss Hazel Zetrouer of Rochelle, also wearing white and carrying a boquet of white roses and ferns, attended by Mr. E. L. Price of High Springs, who marched up the aisle and, turning to the right, went behind the arch, came through, separated and stood facing, as the others had done.

Then came the bride and groom elect. The groom was very handsome in the conventional suit of black and carried himself very proudly as the beautiful bride-so-soon-to-be leaned on his arm. She was dressed in white washable chiffon, beautifully embroidered, both skirt and bodice, in shadow embroidery, the bride's own handiwork. It was also trimmed in lace and tiny tucked medallions, such lovely little conceits. The bride carried a boquet of white altheas and ferns tied with white silk ribbon, and wore clusters of sweet jessamine in her hair. They marched, as the ushers had done, to the left and back of the arch until they came under it, where they stopped, facing the audience, and were married by Rev. J. N. Thompson, pastor of the church, in a very impressive manner. The music started and the bride and groom marched out, followed by Miss Zetrouer and Mr. Price, who were in turn followed by Miss Vause and Mr. Fowler, and they were followed by the ushers.

The bridal party, with many relatives and invited friends, then went to the home of the bride, where a reception was given. Delicious cream and cake was served; then the bride's cake was cut and the ring fell to the lot of Miss Vause.

Mr. and Mrs. Simmons left for Sparr, their future home, where Mr. Simmons is merchandising. Both the young people are of excellent families and are widely known in educational circles, as they have both taught for several years.

Many handsome presents were received, such as glass, china and silverware, table linen etc.

Among the out-of-town guests not already mentioned were Mrs. Simmons, mother of the groom, his two sisters, Misses Sallie and Lee, and his brother, Mr. John Simmons, and wife of Citra; Mr. and Mrs. Gaskin, Miss Annie Price and Mrs. Clyde Barrow of Gainesville; Mrs. Will Baker and children of Melrose; Mr. and Mrs. Walter Brinson of Oxford, and Mr. J. N. Simmons of Hawthorn.

Their many friends join in wishing them a long, happy and prosperous life.

**Dr. McCollum Home.**

Dr. J. W. McCollum is again at home, after a month spent delightfully at Rabun Gap, in the mountains of North Georgia.

Dr. McCollum's friends were glad to see him looking so much improved. He states that there is no finer or more invigorating atmosphere to be found in the country than the mountains of North Georgia, nor more beautiful scenery.

Mrs. McCollum, and Mrs. Smith of McIntosh, who accompanied the party, expect to remain away until about September 1.

LETTER TO J. D. STRINGFELLOW, Gainesville, Fla.

Dear Sir: What will it cost to sow ten acres half wheat and half daisy mixed? and what'll the crop be worth?

We don't know what daisy-seed costs, nor how bulky it is; we suspect half wheat and half daisy would make a big crop of daisies, and last a long time; the wheat might be short.

The parable throws some light on the cost of a paint half whitewash. Whitewash, mixed half-and-half with paint, is all-paint in look and feel; indeed nine-tenths of the "paint" in the stores is part whitewash: some half, some more, some less.

Paint has to be spread with the brush, the surface prepared, the ladders, scaffolds, pulleys and ropes arranged and moved, there's a great deal of labor in putting paint on; it costs $2 to $4 a gallon to do it.

What does it cost to paint whitewash? Just the same. Half-whitewash? Just the same. It doesn't seem worth while, for the whitewash does harm, not good.

Will the paint hold the whitewash on? or the whitewash loosen the paint?

Better paint pure paint, the least-gallon paint, the least-money paint.

Devoe. Yours truly,

31 F. W. DEVOE & CO.

P. S.: The S. J. Thomas Co. sell our paint.

# LOST ALL HOPE OF CURING HUMORS

Member of U. S. Ordinance Corps Had Skin, Scalp, and Blood Trouble —For Four Months Tried Various Remedies with No Lasting Effect —Permanently Cured and Says:

## "CUTICURA REMEDIES ARE UNEXCELLED"

"About a year ago I was a sufferer from skin, scalp, and blood humors. For four months I used various remedies prescribed to me for their treatment, but they gave only temporary relief and then the distressing blood humors were back as usual. I finally lost all hopes of getting cured of this ailment. But a friend induced me to give the Cuticura Remedies a fair trial. He had been troubled with the same disease and said he had been permanently cured by Cuticura. So I got the whole treatment, consisting of Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent, and after I began the treatment I could see and feel that it was a success. The Cuticura Resolvent is certainly of great value as it cleanses the system of all humor germs and makes digestion easy. I used two complete sets of the Cuticura Remedies and I can say this much, that I was permanently cured by them. I want to say further, that these Remedies are unexcelled in curing the worst forms of skin and scalp humors. S. D. Phillips, Ordinance Corps, U. S. A., Rock Is. Arsenal, Rock Is., Ill., Nov. 22, 1906."

## SLEEP FOR BABIES

And Rest for Tired, Fretted Mothers in Cuticura.

A warm bath with Cuticura Soap and a single anointing with Cuticura Ointment, the great skin cure, will afford instant relief and refreshing sleep for skin-tortured babies, and point to a speedy cure of the most distressing forms of eczemas, tetters, rashes, itchings, irritations, and chafings, when all else fails. Guaranteed absolutely pure under U. S. Food and Drugs Act, and may be used from the hour of birth.

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults, consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (or in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Mailed Free, Cuticura Book on Skin Diseases.

## A BUNCH OF PERSONALS.

Daytona Beach a Popular Place For Gainesville People.

A most congenial party of friends are now occupying one of the apartments in Mrs. Leland's resident cottage. The party consists of Miss Maggie Brooks of Gainesville; her sister, Mrs. George Frank of Jacksonville; Mr. and Mrs. S. D. McDonald and two children of Gainesville, and Misses Annie and Jessie Wimberly of Cedar Key. They seem to be getting their full complement of enjoyment out of life on the beach and are altogether charming to meet. They are perfectly delighted with Seabreeze.

C. W. McDonald, of the McDonald Brothers, successful truck growers of Gainesville, is a recent arrival at the Seaside Inn.

Mrs. E. A. Strunk and three children are among the recent arrivals on the beach from Gainesville.

Mr. and Mrs. J. S. Crown and eleven children arrived from Gainesville this week and have taken the Edith Brush cottage through the E. A. Branch agency.

Mr. and Mrs. Gracy and Mr. J. Manasse and family are pleasantly located on Ocean avenue.

Mrs. A. R. Jones is enjoying a visit from her mother and sister, Mrs. Burnett and Miss Burnett of Gainesville.

Mrs. A. M. Dennis and daughter Miss Hattie of Gainesville are located in one of the apartments of one of the Clarendon cottages on Ocean Boulevard.—Daytona Gazette-News.

### The Vehicle Nuisance.

The obstruction of the street at the Atlantic Coast Line depot with hacks, carriages and drays, upon the arrival of trains, attention to which has already been called in The Sun, still continues, and is growing worse every day, the offenders of the ordinance covering this case having not been molested, which gives them more boldness and encouragement.

There is a general public complaint regarding this nuisance, and Marshal Arnow, it has been suggested, is the only officer to whom to look to clear the street, as he is the only one on duty during the day.

This blocking of a public passageway is not only inconvenient, but absolutely dangerous, as pedestrians are obliged to "stand by" in order to permit a vehicle to pass.

## PROF. M'BEATH'S SUCCESS.

Appointed Principal of Green Cove Springs School.

Prof. T. J. McBeath left Tuesday for Green Cove Springs, where he will spend the winter. Prospects for [illegible] daily as [illegible] arrangements can be made.

Prof. McBeath, who is a brother of Florida's well known educator, Prof. Tom McBeath, has been attending the State Normal here, and at the recent examination secured a State certificate. He has been for some time a teacher of recognized ability, and has been teaching in various sections of the State, last year at Lochloosa in this county. His friends congratulate him upon the fact that he has been appointed principal of the Green Cove Springs school, which is the best school in Clay county, carrying an annual enrollment of an average of 200. That he will prove a success there is no doubt.

## NEWBERRY PERSONALS.

Newberry, August 13.—Mrs. E. A. Groff left Saturday morning for Summerfield, where she will visit her two sons, J. C. and H. C. Groff.

Mrs. Arthur Reid, daughter Lillian, and son, John Arthur, left Friday for Cedar Key, where they will spend a few weeks as guests of relatives.

After a few days' visit to Peyton S. and John Fortson, Mr. and Mrs. G. S. Bobo have returned to their home in Washington.

Mrs. R. H. Harkness of Brooksville returned to her home Friday, after a few days' visit to her friend, Miss Antha Groff.

We are sorry to report Ruby Henderson on the sick list this week.

Miss Lizzie Smith returned home Saturday from Gainesville, where she has been attending the normal.

Mrs. Thomas McLeod and daughter, Margaret, are spending the week in Gainesville as guests of relatives.

W. J. Evans, after a few days' visit to his sister, Mrs. Gilbert, left Thursday for Inverness, where he will visit for a few days.

R. B. Groff, who visited here last week, returned to his home at Jacksonville Tuesday.

After a few days' visit here to Mrs. Wetherington, Mrs. Marvin Cain has returned to her home at Worthington Springs.

Peyton S., Jr., the interesting little son of Mr. and Mrs. Peyton S. Fortson, is confined to his home with sore eyes this week. His numerous little friends hope to see him out again soon.

### Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Sold by druggists, 75c.

Take Hall's Family Pills for constipation.

### Lost a Fine Horse.

Friends of J. H. Vidal, the grocer, are sympathizing with him in the loss of a fine horse, the death of which occurred Saturday night. Mr. Vidal states that he is of the opinion that the animal died from poisoning by eating certain weeds.

Mr. Vidal seems to be rather unfortunate in the matter of the loss of horses, as this is the third animal that has died upon his hands, one being killed by lightning some time ago.

### Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by W. M. Johnson.

## THE FEDERAL STAMP TAX.

The Atlanta Constitution says that recently the suggestion has been made by ardent supporters of the State prohibition bill that the next step to insure the enforcement of the law would be the passage by Congress of a bill to forbid the issuance of a "Federal license to sell liquor in any dry counties or States."

Instead of acting as a deterrent on the illegal sale of liquor, such a national law would, on the contrary, very greatly increase the evil complained of and make harder the work of the State officers in detecting the offenders.

It is hardly possible that one thoroughly conversant with this subject would advocate the prohibition of the plan on which the Government is now proceeding in breaking up the illicit sale and manufacture of liquor. By this plan there are now two barrels loaded and ready to fire on that furtive and timid beast known popularly as a "blind tiger."

There are two avenues by which the law can approach and break up this illicit business. Along one the United States revenue officers travel, and these men are feared by the tigers more than by any other. From another direction the State and municipal officers bear down on the illegal seller. He is thus kept between the upper and the nether millstone. The revenue officer is usually a stranger in the locality, is uninfluenced by local relationships, acquaintances or interests. His continuance in office does not depend upon the favor of the people among whom he works. He can prosecute the violators of the law without danger of having them turn against him in the next election.

Under a recent act of Congress the lists of holders of Federal tax stamps are publicly published. They are available for inspection by anyone who cares to see them. The State's officers can secure the names of people to whom stamps have been issued, and by comparison with the list of those holding State and municipal licenses be able to identify the illegal sellers.

The tax imposed by the Government upon the man who wishes to engage in the sale of liquor is not a license for him to prosecute this business. The question of issuing or withholding a license is left to the State. Invariably the man who is selling liquor without a license pays the Government tax of $25 to escape prosecution from this source. The payment of this tax presupposes the fact that he wants to engage in the sale of liquor, and many courts have so held, putting the burden upon the accused of proving that such was not his intention.

Federal tax stamps will be issued in Georgia after January 1 to legal and illegal sellers of liquor. Drug stores which keep on hand pure alcohol for medicinal purposes, allowed under the State prohibition law, will pay the Federal tax. Illegal sellers will not be inclined to do so, since their names could then be secured by officers of the State and plans be laid to break up their business. The United States revenue officers will continue their vigilant prosecution of offenders and will thus cooperate with the State.

Instead of favoring the bill, therefore, the prohibitionists who understand it will very actively oppose the measure, as making harder the enforcement of the law against the manufacture and sale of liquor in this State.

## THE SUGAR INDUSTRY.

Farewell to the sugar industry of the South! says an exchange. Aye, and farewell to the beet sugar industry as well! The sugar men of the country had better find some other field for the investment of their capital, or else try to get a corner on the world's production of wood.

A young inventor of Los Angeles, Cal., has just demonstrated to several capitalists who are to back him with their combined fortunes, that he can manufacture chemically-prepared sugar out of nothing more than wood and water. And it doesn't have to be any particular kind of wood either. Any old fence rail, or broken chair, or broomstick will do. With such odd scraps of wood as these, and with a little water and the use of the apparatus of which he is the inventor, Charles P. Stuart, who shall doubtless be known to posterity as the Sugar King, can in a few hours produce half a hundred pounds of the purest, whitest, most finely pulverized sugar in the world. His product is said to be purer than anything we know, for the reason that it contains absolutely no moisture or other foreign substance calculated to increase its weight and bulk, and can readily be granulated by dissolving it in water and allowing it to crystalize.

Sugar, as any chemist will tell you, is composed of 12 parts of carbon, 22 parts of hydrogen and 11 parts of oxygen. The process involves the reducing of the wood to charcoal, converting this into carbon gas, and mixing it with the required amounts of hydrogen and oxygen, which he gets from steam. At a cost of only one dollar for fuel, the inventor claims he can manufacture 100 pounds of sugar from 48 pounds of charcoal and 60 pounds of water, the only other expense being for the water, as the charcoal pays for itself in the by-products given off in the transition from a broken-down buggy to sugar.

## JUSTICE DEFEATED.

It will be remembered that about two years ago Harry Bomford, who at one time was engaged in the plumbing business in Gainesville, was convicted at Tampa of the killing of Capt. Park, whose confidence he had betrayed and whose domestic happiness he had ruined. The killing occurred in Capt. Park's own home, and when the jury returned a verdict which only admitted of the court sentencing the prisoner to the penitentiary for one year, Judge Gordon excoriated Bomford and expressed regret at not being able to give him a life term. Bomford appealed to the Supreme Court, and the judgment of the lower court was affirmed. In referring to the case The Lakeland News says:

> The county commissioners of Hillsborough county deserve commendation for the stand taken in relation to Harry Bomford, the slayer of Capt. Park. Bomford was sentenced to serve a year in the penitentiary for shooting Park, but the lessees to whom he was turned over permitted him to remain in the same position at the store of Knight & Wall that he held before his conviction. The county commissioners issued peremptory orders which will result in Bomford serving his term in the convict camp, where he belongs. It would, indeed, be a trevesty on justice if one malefactor should be permitted to serve his term as a gentlemanly counter-jumper, free to go and come as he pleased, while others who had sinned no more deeply should endure the punishment and servitude of the convict camp.

Since The News editor published the above comment the county commissioners were advised by the county solicitor that there was nothing in the contract with the lessees prohibiting the sub-leasing of convicts, and they thereupon rescinded the order requiring Bomford to be confined with the other prisoners, thus defeating the ends of justice. This should be a warning to county commissioners throughout the State, and they should see to it that the subleasing of convicts is prohibited in all future contracts. Bomford still occupies the same position with Knight & Wall that he held prior to his trial and conviction.

## CHARLES A. CULBERSON.

The Southern man whose name is most likely to be mentioned as a candidate for the Presidency before the next Democratic National Convention is Charles A. Culberson, a United States Senator from Texas. He is the son of the late David B. Culberson, who was a representative in Congress from Texas for twenty-two years, and was for a long time chairman of the House Judiciary Committee. The family was prominent in Georgia during the first half of the nineteenth century. But David B. Culberson removed to Texas in the 50s. Charles A. Culberson was born at Dadeville, Ala., June 10, 1855. While a child he went with his father to Texas, where he has since resided, his present home being Dallas. He graduated from the Virginia Military Institute in 1874, and then studied law for two years at the University of Virginia. In 1890 he was elected Attorney-General of Texas, and was re-elected in 1892; was elected Governor of Texas in 1894 and 1896 and succeeded Roger Q. Mills as Senator from Texas in 1899.

In every position of public trust which he has held Mr. Culberson has exhibited tact, ability and an earnest devotion to duty. In the great struggle over the railroad rate bill in the spring of 1906 Mr. Culberson took a very prominent part. The Culberson amendment intended to secure the people against injunctions granted by Federal courts suspending the orders of the Interstate Commerce Commission, was supported by every Democrat in the Senate except Bailey of Texas and Patterson of Colorado. It also received the vote of Senator LaFollette. In the debates on the rate bill he spoke often and his speeches were so replete with sound principles, so fair in all legitimate interests, and yet so powerful and earnest in advancing home rule and reserve rights of the States and people of the Union, that Democrats began to look to him for leadership in the great struggle of the people against predatory corporations and usurping Federal courts.

When the Hair Falls

Then it's time to act! No time to study, to read, to experiment! You want to save your hair, and save it quickly, too! So make up your mind this very minute that if your hair ever comes out you will use Ayer's Hair Vigor. It makes the scalp healthy. The hair stays in. It cannot do anything else. It's nature's way.

## TARIFF REVISION URGENT.

The demand for tariff reform is becoming more and more persistent in New England, although the Republican politicians are trying to suppress its outward manifestation. But many of the manufacturers are openly demanding free raw material, such as hides, coal and iron, and a thorough revision and reduction of the steel schedules. The latest expression for tariff reform comes from J. H. Remington of Boston, who says:

"The people of Massachusetts generally favor a revision of the tariff and the views of former Governor Douglas are shared by many others." But Mr. Remington views with alarm a continuation of the Republican policy of standing pat, for he further says:

"If a revision of the tariff is not soon made many of the factories in New England will be compelled to close down, and the result will be, of course, that thousands of persons will be thrown out of employment."

There is just one way those Massachusetts Republican tariff reformers can prevent such a serious condition to manufacturers and labor from being prolonged, that is by reforming their politics and electing Democrats to represent them in the National House and Senate. Judging the future by the past, the coming Congress will refuse to revise the tariff, for the standpatters will control it as they did the last Congress, and no relief is in sight until the National election in 1908, and the Congress then elected meets in 1909.

Since the passage of the prohibition law in Georgia The Atlanta Constitution has published several poems on the subject of "growlers." The editor probably wanted to rush them while there is yet time.

Information from various sections of the State is exceedingly encouraging to the faculty of the State University, and the opening in September will show a larger enrollment than for several years past.

## NEED FOR INLAND WATER WAYS.

The Outlook for July speaks editorially of the attempt to develop water transportation facilities west of the Mississippi river. For rate-making purposes between the East and West halves of the United States the Mississippi river is the dividing line. One rate prevails east of the river; another west. A Kansas City wholesale firm paying $60,000 for freight from New York found that $35,000 of this was consumed by the long haul from New York to St. Louis, while $25,000, or over 41 per cent., was required for the short haul from St. Louis to Kansas City. Furthermore, the congestion of traffic rendered transportation very slow. So general was the dissatisfaction among business men that a large number combined to organize the Kansas City Transportation and Steamship Co. as a co-operative concern to engage in the river trade between Kansas City and St. Louis. The navigation of the Missouri had long since been abandoned; boats there were none, snags had accumulated in the channel, and the river was not lighted. It was found necessary to purchase boats, two costing $40,000, and to run by daylight only; nevertheless, the boats have been able to cover the distance upstream from St. Louis to Kansas City in six days, and from Kansas City downstream to St. Louis in four days. This is better time than is often made by the railroads. It is hoped, furthermore, to cut the freight-rate about one-third. The company contemplates purchasing two more boats and, ultimately, so increasing the service as to force the railroads to meet the river competition.

## NOT THE DEVIL'S FAULT.

Judge Landis of Chicago is making a great reputation. He not only makes Standard Oil magnates explain how they don't kow anything about their own business, but he comes squarely out as a defender of the devil himself against the calumnies of dignataries whose sons happen to be tempted. In the case of a Chicago boy who had been convicted of forgery, and whose father, a preacher, insisted that the culprit must have been "in the hands of the devil," Judge Landis assessed a fine of $200, payable at the rate of $2 a week, and said: "Don't you get it into your head that the devil was responsible for your predicament. It was your fault and not the devil's, so don't shift the blame off on the devil."

No doubt the judge would even go so far as to defend Harriman in the same way, if some one were to charge that old scape goat with getting Teddy into his hands, and tempting him to receive corruption funds. Landis was once a Democrat, and it seems hard for him to forget his former principles.

Archaeologists say that King Rameses II took the credit for everything that was done in his time. If old Ram carried a big stick and wore spectacles he might be down to date right now.

Mr. Rockefeller, it is reported, merely smiles at the mention of that $29,000,000 fine. It is the consumers of oil who are looking worried and getting ready to do the squealing.

"Abe Hummel threatens to write a new book," says a news item. Coming from Abe it could hardly be anything less than a threat.

# F. H. BEEMAN GETS LATERAL CONTRACT

**Bid Was Lowest, and Board Public Works Awards Him Job.**

**THE BIDS EXCEEDINGLY CLOSE.**

**Only Two After the Job, and On a Ten Thousand Dollar Contract a Difference of Only $762.30—Work to Begin Soon.**

The Board of Public Works has let the contract to F. H. Beeman for the laying of about six miles of lateral sewerage, the cost to average about 90 cents a foot, the aggregate contract amounting to about $10,000.

There were only two bidders for this work, F. H. Beeman and J. W. Canty, and when the bids were opened at the meeting of the Board Friday night they were so close and so similar that the Board felt it a duty to the contractors and to the people to study the same before awarding the contract, hence adjourned until Monday night.

The details were gone thoroughly over, and, after a careful study, it was figured that the bid of Mr. Beeman was $762.30 lower than that of his competitor, hence the contract was let to Mr. Beeman.

Mr. Beeman is no stranger in Gainesville. He has recently completed the sewerage system here, which is one of the best of its size in the State, and now that he has secured the contract for lateral sewerage he will be with us six months hence, as the contract provides that the work specified must be perfected within six months.

Hazen & Co., civil engineers, have been employed to supervise the work, and it will begin as soon as material can be gotten together.

Many are of the opinion that the charge for these lateral connections will be a certain amount per foot for the frontage of property, but such is not the case. The only charge required to be paid by the property owner will be the cost from the main pipe to the property line, including the angles.

## WORK DELAYED TRAINS.

**All Southbound Trains on Seaboard Were Late Monday.**

Owing to a big wreck on the Seaboard Air Line at Highland, caused by freight train leaving the rails, all trains over the Seaboard were delayed several hours Monday. The Cedar Key train, in Gainesville at 12:30 o'clock did not arrive until 6:30, being five hours late, while the Cedar Key train was three hours later.

It is said that this was one of the most disastrous wrecks, as far as property loss is concerned, the Seaboard has experienced on this division in many years. The delays occasioned by the wreck were also of much longer duration.

The management of the Seaboard put a large force of hands to work, and after several hours the track was cleared sufficient to permit the safe passage of trains.

## HODGSON HAS A RECORD.

**As a Stump Puller There is Nothing in Florida Can Equal Him.**

T. L. Hodgson of Williston, more familiarly known as "Tom" Hodgson, was in the city Monday.

Mr. Hodgson was awarded the contract for pulling stumps in the right-of-way of the Prarie Creek road now under construction, by the Board of County Commissioners at its last meeting, and proposes to begin work as soon as he can get his machinery here.

As a stump-puller Mr. Hodgson has a record, having recently pulled in Pasco county six immense stumps with his improved machinery in just seventeen minutes. He declares he is willing to bank his reputation that he can pull the biggest stump in Florida, if he can only get a lee-way to hitch it and a foundation to stand the strain.

## TO THE STATE SHOOT.

**Capt. Blanding and Private Pinkoson Off to St. Augustine.**

Captain J. W. Blanding and Private Charles Pinkoson of the Gainesville Guards, who will form a part of the Florida Rifle team at the great national shoot to be held at Fort Perry, Ohio, left Tuesday for St. Augustine, where the State rifle range is located.

After ten days' practice the team will leave for Fort Perry, and if the efficiency of the team is to be judged by the contingency from the Guards, Florida may expect something extraordinary in the national shoot.

Captain Blanding made the second highest score of the State Troops, as has already been announced in The Sun. His score in the grand aggregate was 304, being defeated only by Private Lynn of St. Augustine, who made 309.

### W. F. Milliner Here.

W. F. Milliner, an old Gainesville boy who has "made good" as a telegraph operator in New York, after learning his profession here, is in the city on a visit to his mother, Mrs. Ann Milliner, and other relatives.

Mr. Milliner was for some time connected with the Western Union as an operator in New York, but left the employ of that company about three years ago. He is now traveling for D. Appleton & Co., extensive publishers, New York, and friends will be glad to learn that he is meeting with excellent success.

"This is not like old Gainesville," remarked Mr. Milliner to a Sun representative, as he swelled with pride and glanced about at the various improvements around the square. "You know, I'm a Gainesville boy, and it will be imbedded in my heart as long as I live, no matter where I go. I love old Gainesville and all my old associates here, and will never forget the days when we boys used to 'duck' each other out at Green Sink."

Mr. Milliner called at The Sun office, and his visit was appreciated.

### Don't Grumble

## Proclamation to Tennesseans ... Everywhere ...

Whereas, by House Joint Resolution No. 47 approved by me on March 26, 1907, the General Assembly of the State of Tennessee has designated the days from September 23 to September 28, inclusive, as the "Home Coming Period."

Now, therefore I, Malcolm R. Patterson, Governor of Tennessee, hereby issue this proclamation and invitation to all Tennesseans wherever they may be, to meet at Nashville, the Capital of the State, at the time mentioned in the resolution, to renew the ties of friendship, to strengthen the bonds of affection and to signify their devotion to their Mother State.

While the invitation is extended to all Tennesseans, it is given particularly to those who have left and elsewhere cast their lots and sought their fortunes.

The time for this joyous homecoming is most propitious. Peace, happiness and prosperity have smiled upon us and shed their joys and benedictions.

From East to West our people are happy at their tasks, proud of their State, and the rewards of toil are full and sure. The land has already brought forth its abundance and has given the promise of richer harvest yet to come.

God, in his infinite wisdom, has blessed Tennessee and her people.

He has raised up a race of proud men and women who honor the traditions of their State, cherish her glorious record in war and peace, and these have been handed down as a blessed heritage richer than gold, and which neither time, place nor circumstance can diminish.

These have remained to keep the birthright untarnished, but Tennessee has also sent forth many of her sons to find homes in other States, where brain and brawn, tempered and directed by the lessons taught at the mother's knee by the old fireside, have contributed so much to the common glory of a common country.

Loyal to the States of their adoption, Tennessee is proud of the men she has given to the world, and deep is her pride to know that wherever they are, filial love is still strong, and memories of the dear old State still cluster around their hearts.

Tennessee has not forgotten these of her sons, and they have not forgotten Tennessee.

To those at home this invitation is to come to their beautiful capital city, and, in joyous meetings and festal celebration, honor their State and return thanks that they are a part of its glory and destiny.

To those away, the bidding is to come, for the old scenes are still here to smile a welcome, the old hearthstone still remains to bring back the joys and sorrows of the beautiful past, the old arms which held you once are anxiously reaching out to embrace you again, and the old faces set in your heart, apart from all the world and sacred evermore, will smile and cry again for joy that you are back to Tennessee and home.

Governor of Tennessee.

# THE J. M. HAILE HOME DESTROYED BY FIRE

## Home, Stable, Barn, Outhouses and Harvested Crops Gone.

### OCCURRED TUESDAY MORNING.

### Mr. Haile Was Not Apprised of His Loss Until Several Hours After It Occurred— Loss Will Aggregate $3,500. Partially Insured.

The elegant country home of J. M. Haile located about twelve miles west of this city, together with the stable, barn and other outhouses, were burned to the ground at an early hour Tuesday morning.

Mr. Haile also lost a quantity of feed and forage, among which were one hundred bushels of corn, about 25,000 pounds of oats, thirty-five bales of hay, and other crops which had been housed in the barn.

The loss will aggregate about $3,500, partially covered by insurance.

Mr. Haile, who resides with his family in this city, was not aware of his misfortune until the information was telephoned by his brother, J. C. Haile. The news naturally came as a great shock to him, and his friends are sympathizing with him in his trouble.

Mr. Haile, in speaking of his losses Tuesday, stated that he had not yet harvested his corn crop, owing to the inclement weather, and that the crops in the fields were the only things saved.

The origin of the fire is unknown, and is a mystery, as there had been no fire about the place for some time Mr. Haile will rebuild.

## SERMONETTES

BY J. MARVIN NICHOLS.

I know a class of whiskered and beardless goats who get their chief science in putting somebody next. There is no worse treachery—a no more dangerous personage—than the peddler of truth. I despise a scandalmonger, and think no more of a truth-monger. The turning of evidence—be it for church or state—is all right provided there is someway devised to hang the fellow that does the trick. I am thoroughly convinced that this game of deliberately testifying to the hurt of another—especially when voluntary—is the play of self defense. It is at once the evidence of an equal guilt. It won't be hard to damn the fellow that is free because his statement puts shackles on another. I have infinitely more respect for the "hired" witness than I have for the infamous pest who offers his services on the merest suggestion—and then hands in the shade of the law and brags about a religious stunt he has worked.

Old age ought to be bright. Is Mount Shasta, as it lifts its hoary head, superfluous among all the Rockies? Is it not really a glory? Without it would the lesser peaks would be of but little importance. I wish that the creeping, stealthy years were less impatient. Wait! When Lascure lay dying he cried: "Open the windows!" The pall of impenetrable night was falling. It was growing so dark. In the same agony Rousseau prayed for "a partial look at the orb of day." A partial look! When Goethe, the great German poet came to the eclipse of his parting strength, he exclaimed: "More light! More light!" May the gray clouds of your sunset days be tinted like heights gilded with sapphire and gold, and long after

"The silent yellow beam down the wood aisle doth seem
Like a line into heaven that leans from a dream,"

I shall stand about your silent tomb and amid the sweetness of its hush shall love you still.

The growth of suicidal tragedies is simply alarming. Oftimes the act seems so freakish to us and to be but the fatal prank of a dazed and bewildered mind. A sense of inexpressible sadness, always full of a common pity, steals over me when I read the story of these tragedies. So much of it is never written. There are histories of disappointed affections whose unfolding is easier borne in the grave than when under the gaze of men. Sometimes only the pounding waves of the sea can voice the heart's wildest storm. We are wont to call it "sneaking out of life's back door"—but after all, how can a man be content with an eye of love that's fading or when his children cry for bread? Many a poor heart flings itself into endless shadows because those who once loved now misjudge. And sometimes we grow wild when loved ones are pulled beyond our grasp, and we cannot hold them longer if we would. We become frantic in our longing for the touch of a vanished hand like those whose dead lie beneath the sighing sea and who prefer that death to the long wait for the resurrection morning. Most of the world's tragedies and tears spring like gushing waters from misunderstanding hearts that ought to love and save us in our hour of unspoken grief and pain.

## Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe, one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root *Helonias Dioica*, which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) condition of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa, suppressed or absent monthly periods, arising from or accompanying an abnormal condition of the digestive organs and Anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no lover of woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as the tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

### Believed Vessel is Lost.

San Francisco, Aug. 12.—It is now believed that the British ship Dundonald, which has been for some time posted as overdue, has been lost at sea. The Dundonald left Sidney for Falmouth with a cargo of wheat on February 19, and has never been heard from. The average time occupied on the passage is 132 days, and the Dundonald has now been out 176 days.

### Gold Dust Stolen.

Fairbanks, Alaska, Aug. 12.—Meager details have been received of the theft of 59 pounds of gold dust valued at $12,000 from a registered mail sack between Eagle and Rampart. The sack originally contained 80 pounds. There is no clew to the theft.

### Electricity Pumps Water.

Charlotte, N. C., Aug. 12.—The city of Charlotte now has its water pumped by electricity, instead of steam, as heretofore. Present consumption is only 1,500,000 every 24 hours, but with the electrical machinery the city could have 13,500,000 gallons in that time.

### The Rich Man.

I.

Look at de rich man—
Money's hard ter beat;
Plenty on de table,
But he can't afford ter eat!

II.

He worry an' he worry
De worldly way along
You seldom hear him whistle,
An' he never raise a song!

III.

An' we'en dey gits him yander
In de region of de sky
Dey puts him thoo' sich questions
Dat he mos' too weak ter fly!

"Gold has been discovered in this settlement," says The Cleveland Bugle, "but, unfortunately, the weather is too hot to dig for it."

### Life's Sweetness.

Why seek for glory's shadow
'Neath stormy skies or blue?
A daisy in a meadow
Says sweeter things to you!

Says The Billville Banner: "The postmaster has closed the office and gone fishing, but it doesn't matter, as he has been in office so long the Government has forgotten him!"

### Trouble.

Man was born to it, they say—
Trouble—only trouble!
It's the lion in the way—
Trouble—only trouble!

Though you leave this old world late—
Makin' for the heavenly state,
'Fore you enter that high gate
There'll be trouble—trouble!

### Work and Win.

Any way the old world goes—
You are in it!
If you want to wear the rose
You must win it!

A Georgia man says he spends so much time celebrating prosperity he has none to spare for adversity.

We really haven't time to growl at Time for flying so. The fiddles are going, the dancers are ready, and it's high time you were moving to the music.

### Taking No Risks.

"De colonel give you dem ol' boots?"

"Yes; an' I'm gwine ter put 'um on de stove now—ter steam he snakes out er 'um!"

### When the World Turns.

I.

De very biggest problem
What kivers all de ground,
Is how ter keep yo' footin'
When de worl' turns round!

II.

De brighter side is yonder,
A-hidin' safe en sound;
But you never gwine ter see it
'Twel de worl' turns round!

III.

De prospect is amazin'!
It's up de hill an' down,
Watch out! It may be blazin'
When de worl' turns round!

### Keep Hoping.

Keep on a-hoping
That the light will break;
Heaven may do wonders
For the old world's sake!

### Text for the Times.

"Don't worry too much about where the world's going," says a Billville philosopher. "The main problem with all of us is how not to go too fast, and to slow up when we get near the stations of life."

### Words From Br'er Williams.

Dey done arrested a man out West fer havin' four or five wives. Sich a fool es dat should never have been born!

Many a man goes thoo' de troubles er dis worl' wid only de hope dat w'en dey gits er monument over him dey'll write on it—"In peace at last!"

De Lawd make us thankful fer what we 'bout ter receive; but de receivers in dis worl' gits so much er what belongs ter us, we ain't got nuttin' lef' ter give thanks over.

### Hot Times in Georgia.

Now the skies of summer hinge—
Not a theme for laughter;
Makes a sinner think these days
Of what's to come hereafter.

But let the weather work its will—
Just do its best endeavor,
The heart that's beatin' happy still
Is bound to sing forever!

### Wholesale Runner.

"Doesn't he run on his record?"

"On everything in sight—from principle to plank roads!"

### Billville Literary Notes.

One of our leading authors has been writing a history of the devil, but recently decided to abandon it, as none of them know as much about him now as they are likely to hereafter.

Mr. Carnegie—or some other philanthropist—will be asked to give us a free library. We already have six candidates for president of it, and seven for secretary.

The sorrowful way seems to be the most popular, for when joy comes, we set in to celebrating and soon strike sorrow again.

The other day, in answer to a question as to residence, a Georgia man replied:

"I live in Hallelulia settlement, on Shouters' hill."

And truly, rent in such a neighborhood would be cheap at any price.

### The Wrong Road Fellows.

I.

Some folks in dayer country
Makes trouble all de time;
Fust road dey strikes, dey takes it,
An' dunno whar dey gwine!

II.

An' w'en dey finds dey los' de race,
An' mi.s de honeycomb,
Dey say: "Dis world no friend ter grace,
An' heaven is my home!"

III.

But how dey gwine ter git along,—
Ter step f'um star to star?
De folks what takes de road what's wrong,
Even heaven don't want 'um dar!

### Ahead of the Game.

"His wife writes from a summer resort that she has seen the great sea serpent."

"That's nothing. Ever since she and her mother left he has been seeing twenty snakes to their one!"

### After a Raise.

"What makes him look so solemn? He gets his month's salary tomorrow?"

"That's just the trouble. His wife and his mother-in-law allow him fifty cents a week out of it, and he's trying to make up his mind to strike for a dollar."

### Can't Tell.

"You never can tell what's in store fer you in this old world," said the old man. "Why I know a feller what was born an' raised to the country, an' I'm blest of he didn't go down ter the city an' git run over by a automobile!"

### Brother Dickey's Sayings.

It takes you a long time ter git wisdom in dis worl', an' w'en you gits it it don't stay wid you long.

Lots er folks in all time prayin' for Providence ter bless 'em, but dey never takes or notice ter what is put surprise Providence by blessin' deyself.

### The Literary Yard Stick.

Master Burtz, notwithstanding that he is only two-and-a-half years of age, tips the beam at fifty-five pounds, and is now enjoying the best of health.

Extensive alterations are being made at the home of George K. Broome, North Pleasant street. This is one of the oldest homes in the city, and was constructed after the style of a quarter of a century ago. It was a commodious, comfortable place, and one which is appreciated in these latter days, but Mr. Broome decided to make the change to more modern architecture.

Royal Cook has received from his old home in Podoesk, Russia, a photograph of his devoted mother and sister, together with his sister's husband and their four children, in a group, which he naturally prizes very dearly. The picture was delayed in transmission two months, and arrived in bad order, being cracked and bent. Mr. Cook's mother is of rather an advanced age, but strangely shows no wrinkles, which is evidence that she has always taken the best care of herself, besides living in a healthful atmosphere.

### A HAWTHORN ROW.

**Will Townsend and Negro Involved in Row—Serious Results.**

Information was received in this city Tuesday to the effect that an altercation occurred between Will Townsend, white, and Julius Washington, colored, at Hawthorn a few nights recently, which resulted in Townsend being pretty badly pounded about the head and the negro painfully cut.

It is not known just how the altercation originated, but that it did originate is best proven by the punishment the participants received at the hands of each other.

The negro, it is said, was severely cut, and he was permitted to escape without arrest.

The affair has caused a great deal of excitement, as Mr. Townsend is well known in and around Hawthorn.

### M'CORMICK IN NEW YORK.

**Writes Interesting Letter of New York and Its People.**

W. J. McCormick, who is spending a few weeks in and around Lisbon, Northern New York, writes The Sun interestingly of that country, which he declares is the finest at this season he has ever visited.

Mr. McCormick also writes of his trip from Norfolk. His party, consisting of W. S. McDowall, W. L. Davis and himself—as jolly a trio as ever left Florida—arrived in Philadelphia just in time to witness the grand Elks' parade. They were "hemmed in" by the immense throng, and were compelled to stand under a scorching sun several hours, unable to find a way out of the crowd.

From Philadelphia the party proceeded to New York, where they "took in the sights" for a few days, during which time they had the pleasure of meeting H. M. and Arthur Chitty.

At New York Mr. McCormick left his companions and proceeded up the historic Hudson on one of the floating palaces of the Hudson River Line. He stopped at Albany a day or two, proceeding to Ogdensburg, 150 miles north of Albany, on the St. Lawrence river, thence to Lisbon, where he will remain until returning home.

The weather, he says, in that section resembles very much our fall here and he is carried away with the climate, scenery and people.

### THE LAST GREAT SALE.

**The G. W. Hyde Company Will Offer Unprecedented Bargains.**

As will be seen from the advertisement elsewhere in this paper, it requires a full page for the enterprising firm of the G. W. Hyde Company to tell of the wonderful bargains they will offer in a grand ten-day clearing sale of all summer goods in every department. This firm bought heavily of fall goods, and are needing room badly in which to display them. Having on hand a tremendous stock of summer goods, they are desirous of reducing the same, and will offer bargains never before heard of in this section—goods at less than cost of production.

This sale will begin Saturday morning, August 17, and will continue for ten days, so the ladies, as well as all others who need goods in this line, would do well to read the ad. and consider the prices.

The Hyde store is one of the oldest and most reliable in this section of the State, and guarantee everything as represented, or money will be refunded.
